EYFS/KS1—CLASS 1

This week in class 1 we have been learning all about sun safety! It has been very hot in our school and our classroom and so we have learned about the importance of wearing sun cream and sun hats and why we need to drink lots of water. The children have been doing a great job at reminding each other to put their sun hats back on.

Whilst in the sunshine all of the children have been enjoying some more forest schools and have loved building dens and shelters to keep them out of the heat. The youngest ones have loved being outside also and conducting different experiments.

KS2 - CLASS 2

KS2 had a brilliant start to a very busy week with a two-day visit from Toby, our Network Rail engineer partner who helped us create our moving vehicles. We were able to combine our learning our measurement, safe use of wood-working tools, friction, electricity and speed to help us. Not only that, but we were able to demonstrate our teamwork, resilience, determination and initiative skills too. All in all, it was a fabulous couple of days! The children then had a fabulous visit to Ampleforth with Mr Carlisle on Wednesday, and then it was off to the museum on Thursday. We can't remember a busier week!
